Projects

Little Bird

HTML/Bootstrap/Vue.js/JavaScript/Node.js/Express/PosgreSQL/Knex.js/Twilio

Aiming to improve parent attendance at IEP meetings with automated SMS.

I built the front end of our application in Vue.js and handled authentication logic.

First Place — Startup Weekend EDU Denver

Grant Prototype — New Schools Venture Fund

Company Site: trylittlebird.com
Github: /Little-bird-dashboard

Demo: littlebird.host
(Username: demo@rootselementary.com / Password: password123)

Open Book

Vue.js/Node.js/Express/MondoDB/Monk/PostgreSQL/Knex.js/Socket.io/HTML Canvas

A lightweight, highly customizable Learning Management System with a focus on ease of use.

I planned and built the front end and backend for the app, implementing multiple databases and real time functionality.

openbook.digital

Little Helpers

Bootstrap/jQuery/Handlebars/Node.js/Express/PostgreSQL/Knex.js

Encouraging good habits with a task and reward tracker for parents and their young children.

I managed our user stories, and contributed to our backend code and documentation.
